**Education. Networking. Advocacy.**

Tax Executives Institute was founded in 1944 to provide a forum for corporate tax executives to discuss current tax and management issues, among themselves and with top-notch practitioners from around the world. Headquartered in Washington, D.C., the Institute's 6,000 members meet regularly with government officials, work collectively to improve tax policy and administraton, and TEI's 53 local chapters host more than 600 meetings a year. TEI members are accountants, lawyers, and other professionals who are responsible for the tax affairs of 2,800 of the leading companies in North America, Europe, and Asia.

**Membership is not open to public practitioners**, and accordingly TEI affords in-house top professionals unique networking opportunities, both in person and, increasingly, digitally. To be eligible for membership, applicants must:

- agree to abide by TEI's professional standards
- have a minimum of five years of corporate tax experience or its equivalent.

If you are interested in joining TEI, please visit **www.tei.org** or call 202.638.5601.
